

skyport NEWS

January 16, 2008

Dear business partners,

We are to announce that at the beginning of this year our company started a new way of communication and we hope that Skyport News will bring you the right updated news about our services. Bringing new information and announcing changes will surely lead to more simply procedures in providing high quality during the handling process.

Skyport a.s.

Skyport licence from the Civil Aviation Authority (CAA)

Skyport a.s. was licensed as approved agent in providing services within the cargo and mail handling process at Prague Ruzyně International Airport.

Movement of truck department

On January 14, 2008 the truck department was moved to the Customer Centre in the Skyport a.s. building. It will ensure better security and as well as improvement in our services.

Movement of X-ray machine

We would like to announce that the X-ray machine will be relocated from the warehouse to the border of the SRA zone. The movement will enable easier handling and the fulfilment of higher security standards.

A newly opened conference room at your disposal

We would like to inform you about a newly opened conference room on the second floor, room number 326 with the capacity of 15 people will be available for business meetings. If interested, please contact our assistant Ms. Pavla Hellebrandová on +420 2 2011 3512.
